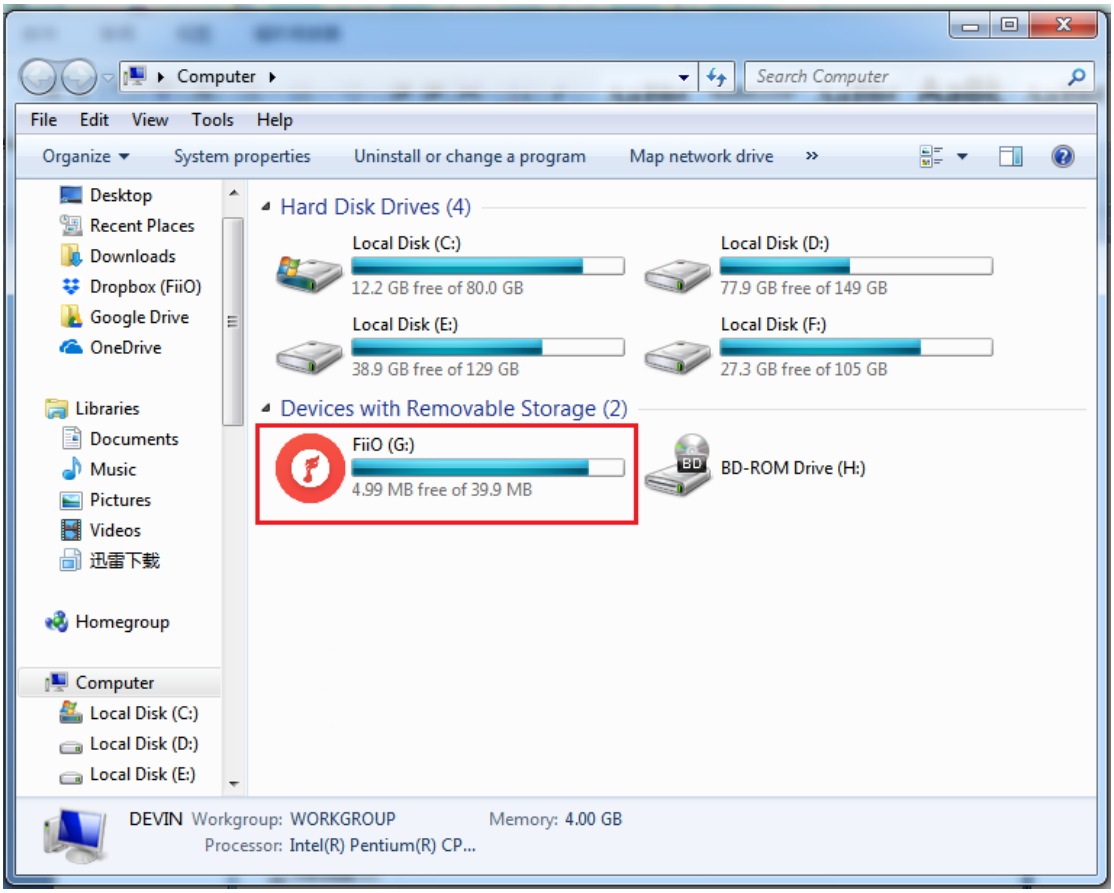
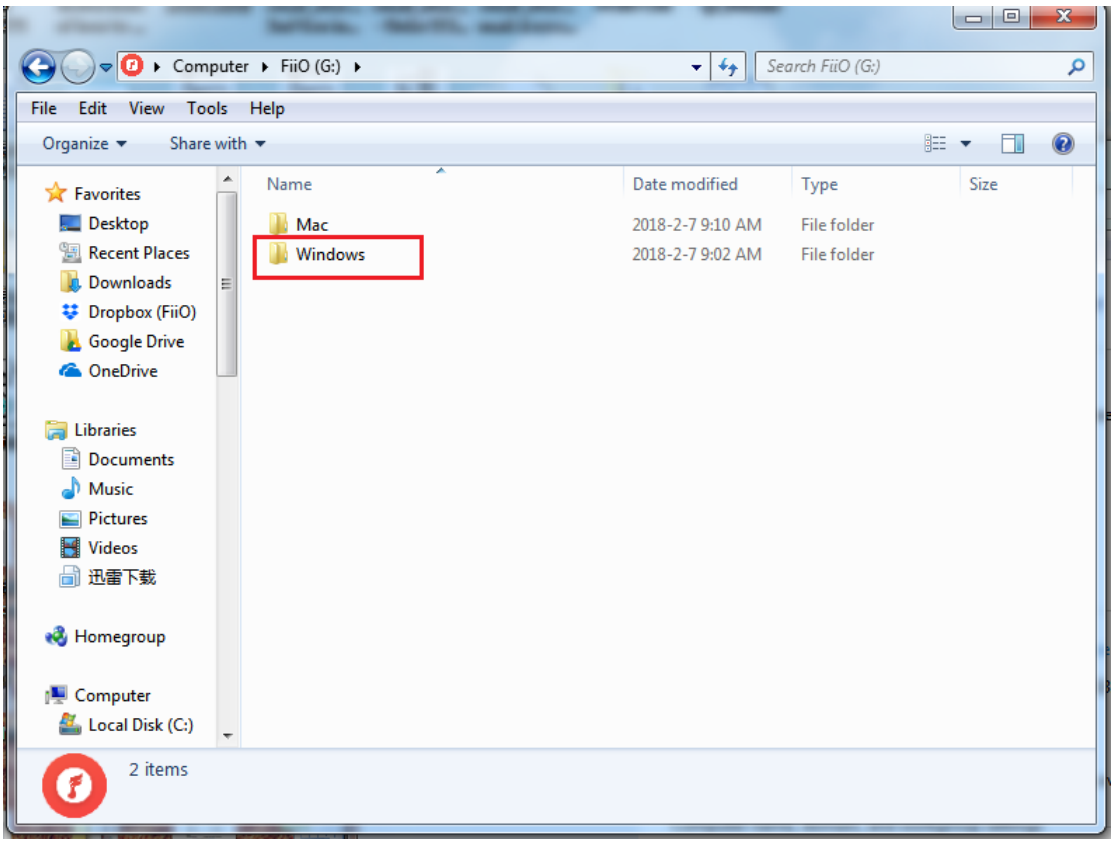
Instruction of installing the M7 MTP driver

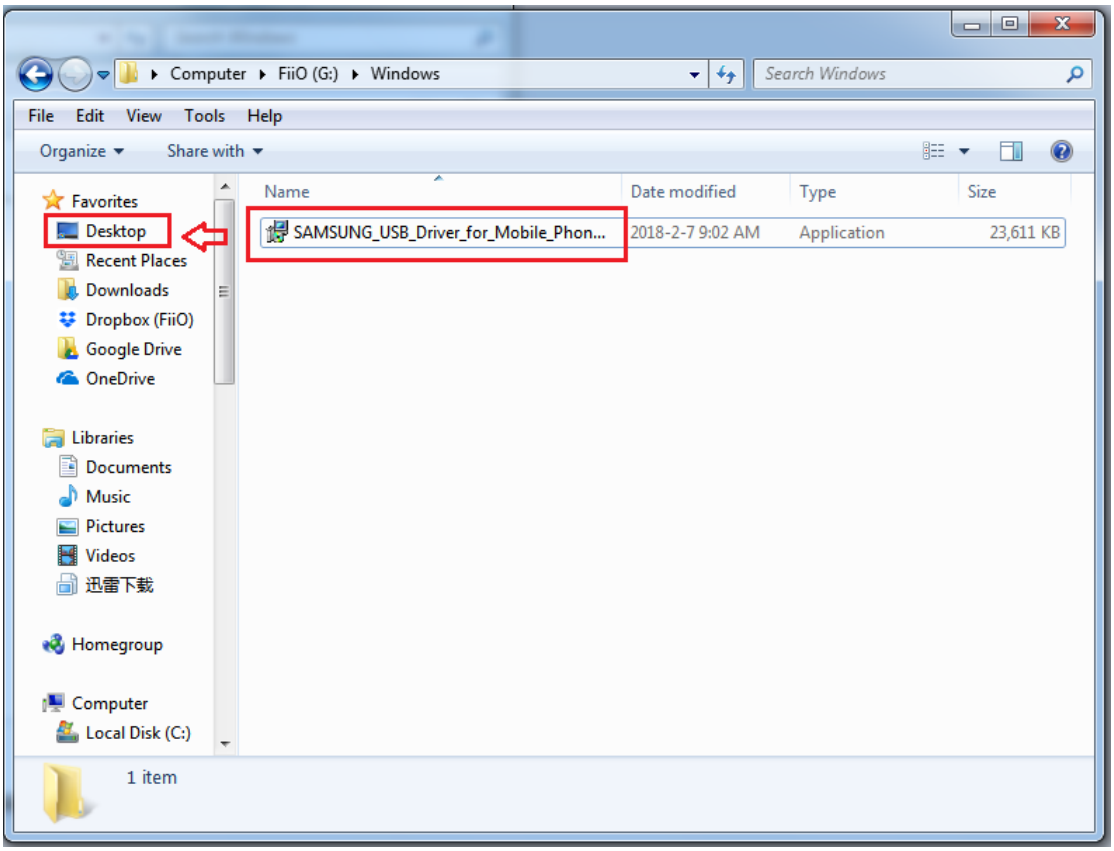
1. Connect the M7 to the computer with a Type C USB data cable. And then after a few seconds, you will find a removable disk displayed in the Windows Explorer.



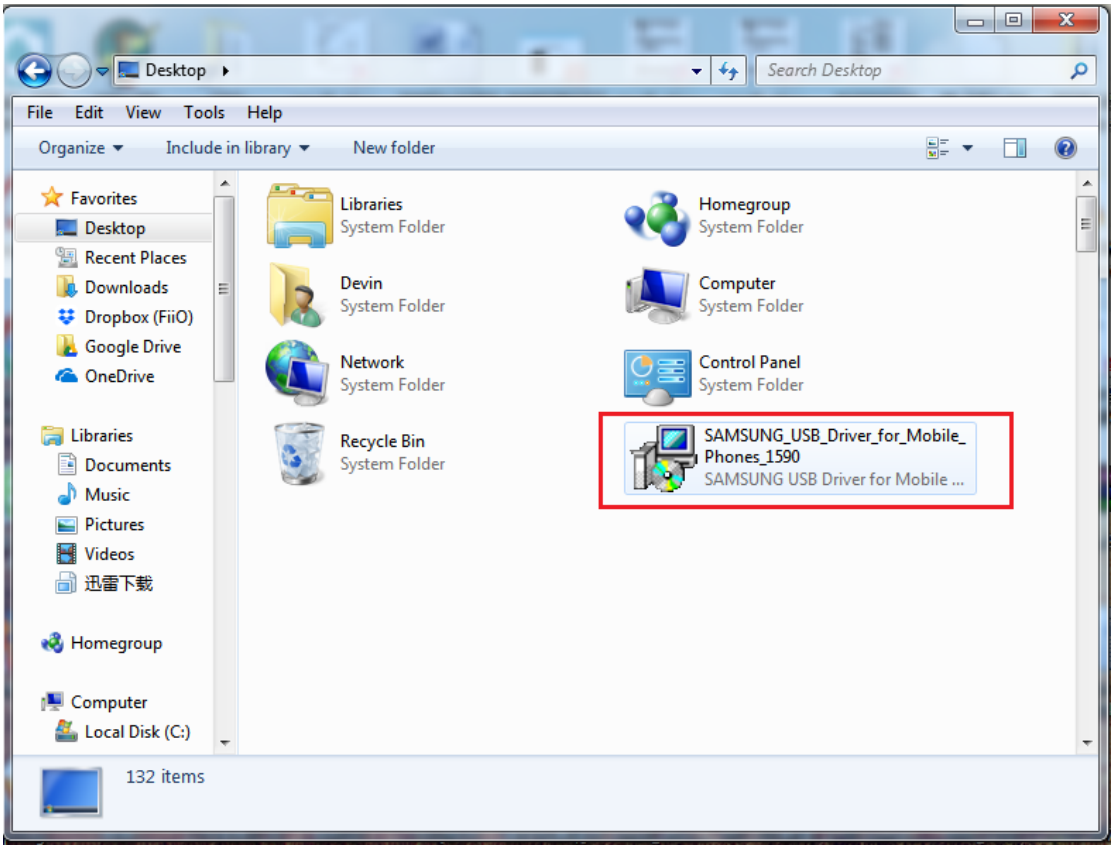
2. Double click to open the removable disk and then click the folder named "Windows".



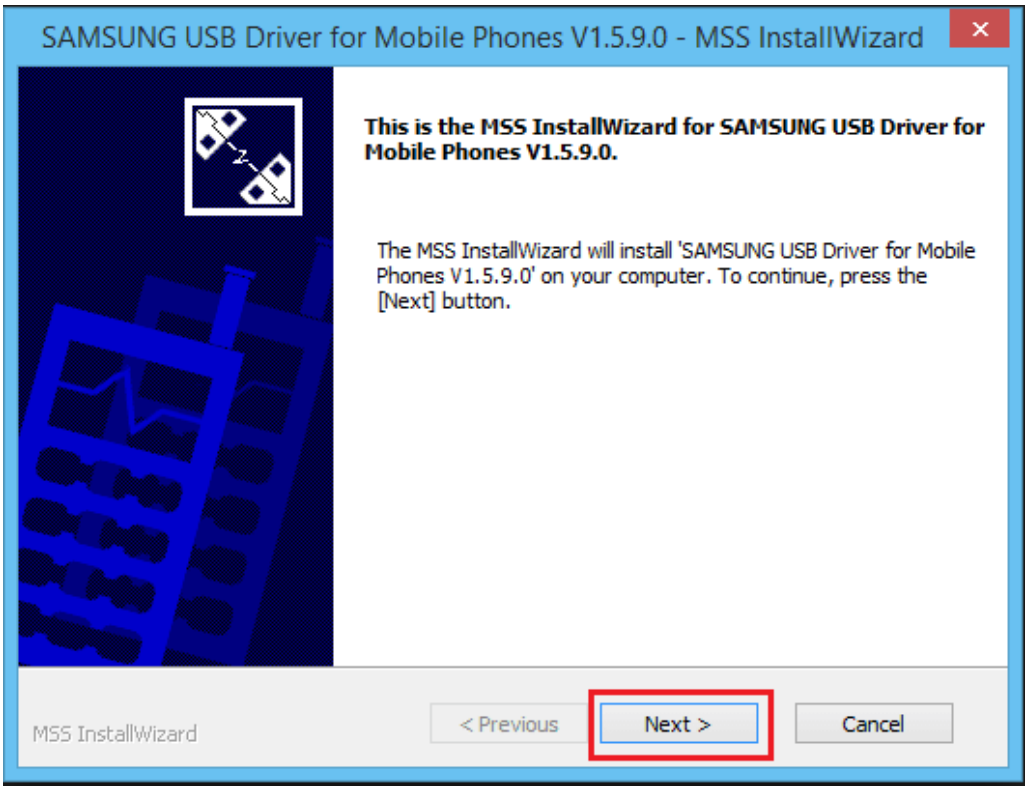
3. Copy the application file under the "Windows" folder to a local folder on your computer (e.g. to the desktop folder)



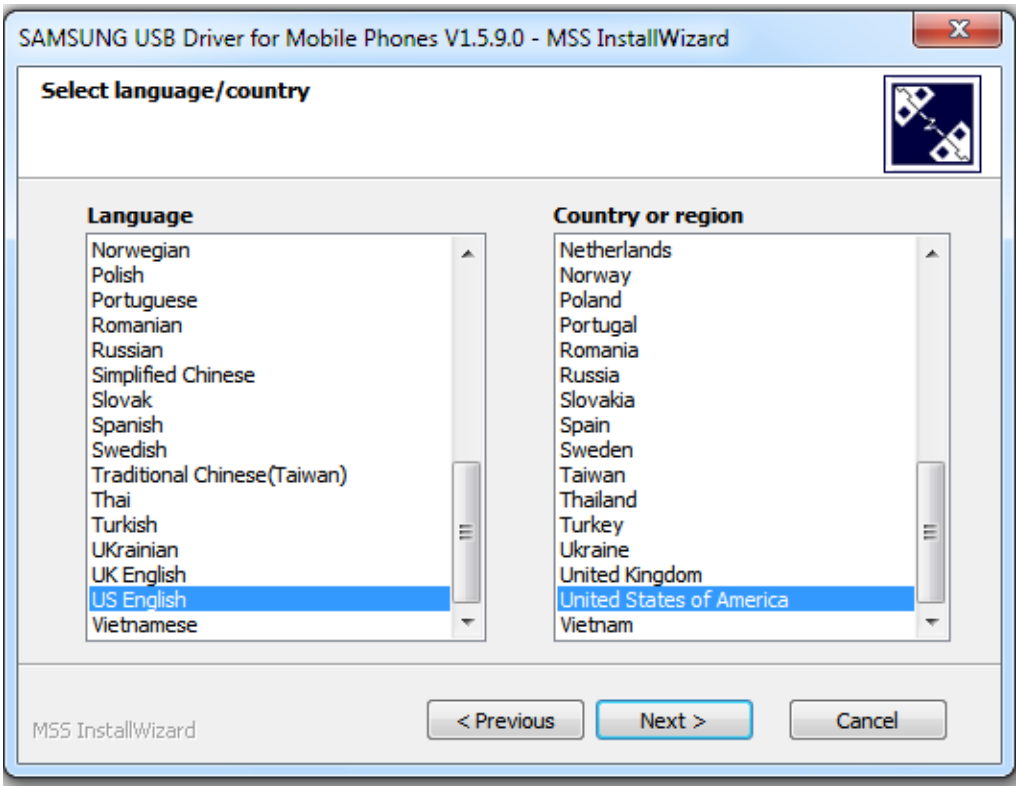
4. Double click on the copied application file to start the installation.



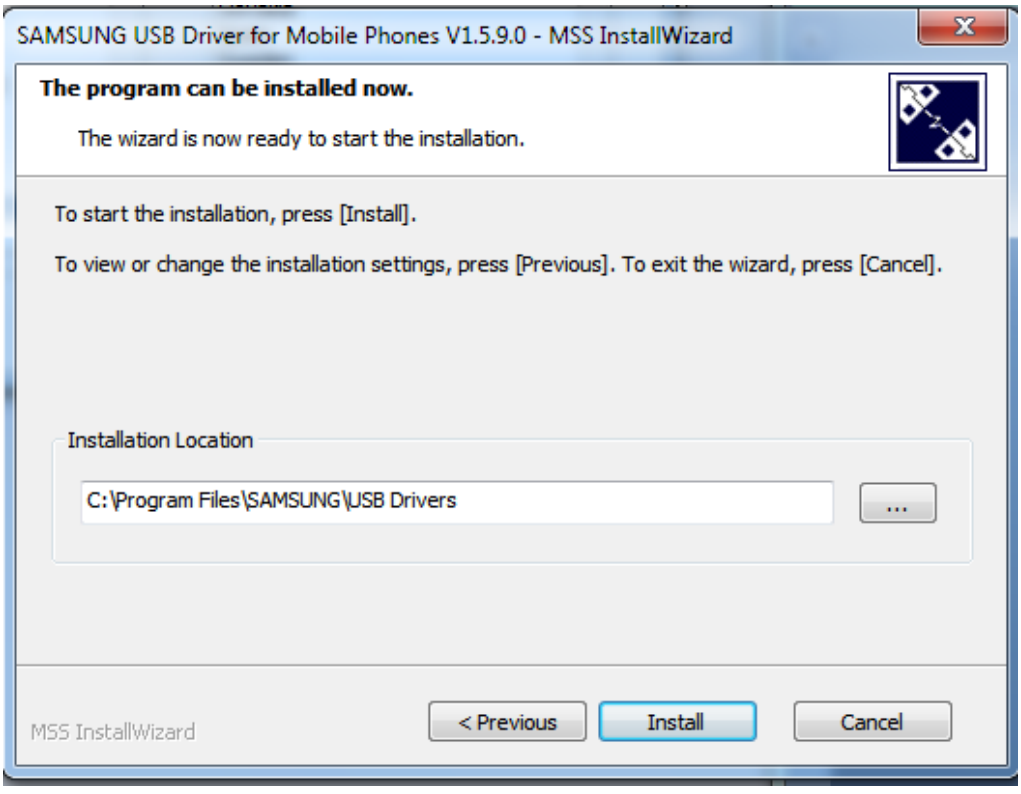
5. In the pop-up window, click "Next" to continue



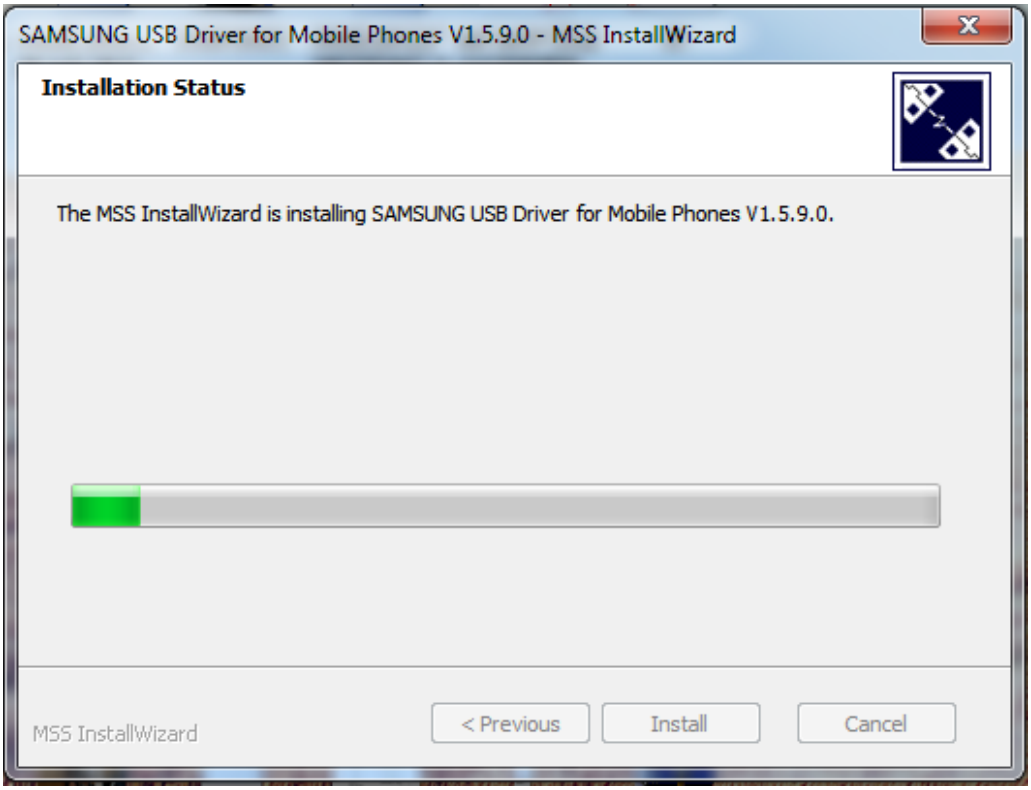
6. Select the language, country or region according to your circumstance and then click "Next".



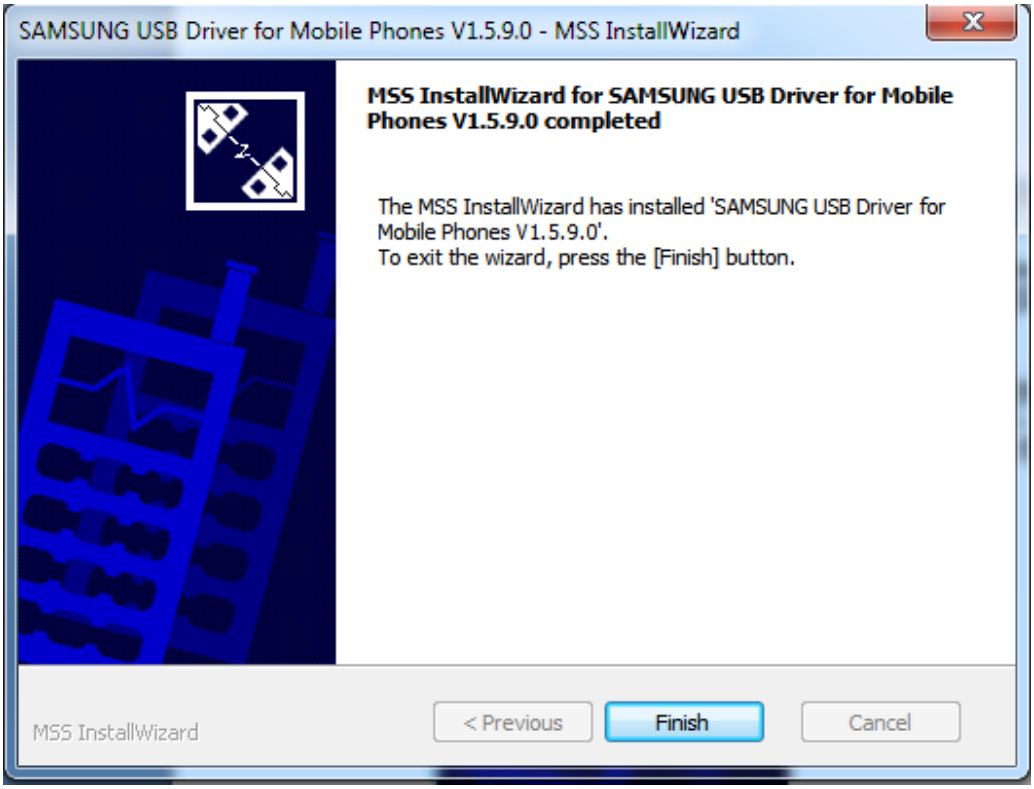
7. Select an installation location (or you may simply use the default location without selecting) then click "Install".



8. The installation may take a while, please be patient and try not to make any operation during this process.



8. After the installation completed, click "Finish". And then you can find the M7 listed as a portable device in Windows Explorer. Open it to manage the files on the M7 internal storage or the micro SD card.



SAMSUNG USB Driver for Mobile Phones V1.5.9.0 - MSS InstallWizard
MSS InstallWizard for SAMSUNG USB Driver for Mobile Phones V1.5.9.0 completed
The MSS InstallWizard has installed 'SAMSUNG USB Driver for Mobile Phones V1.5.9.0'.
To exit the wizard, press the [Finish] button.
